

## Black Creek Project Manager, Shandra Davidson, Becomes PMP Certified

JULY 1, 2013

Black Creek Integrated Systems is pleased to announce that Shandra Davidson, a project manager at Black Creek since 2009, has completed the Project Management Professional Certification Course offered by the Project Management Institute.

The globally-recognized certification course is offered to experienced project managers seeking to further their knowledge regarding project management. The PMP candidate must be responsible for all aspects of the project, lead and direct cross-functional teams to deliver projects within the constraints of schedule, budget and scope. Additionally, candidates must demonstrate sufficient knowledge and experience in applying appropriate methodologies to projects to ensure that they have well-defined requirements and deliveries.

Shandra joins only about 400,000 individuals worldwide with this certification. Please join us in congratulating Shandra for this notable accomplishment.

### **MORE ABOUT BLACK CREEK ISC**

Black Creek Integrated Systems is your turn-key source for modern, Touchscreen-based, correctional facility security control systems and security management software solutions that reduce the cost of corrections. Black Creek focuses only on the corrections market – installing integrated security and records management solutions in jails, prisons, courthouses and government facilities across the nation.

### **MORE ABOUT PMP CERTIFICATION**

The Project Management Institute, or PMI, is a non-profit organization dedicated to the project management profession. PMI provides resources and credential certification to members worldwide in order to reinforce globally-recognized project management standards.
