St Lawrence County NY Sheriff's Office Signs On To Use Black Creek Integrated System's SallyPort[®] NY Jail Management System

New York's St. Lawrence County Sheriff's Office will go live on January 1st 2014 with Black Creek Integrated System's SallyPort[®] NY Jail Management System. Black Creek's state-specific, enterprise-class system includes functionality for booking, demographics, video lineup, arrest/charge/release, inmate property, classification, medical, inmate fund, inmate contacts/visitation, threat group, billing and electronic shift log. Additional

integration will be provided for automated data exchange between the national V.I.N.E. (Victim Identification and Notification Everyday) system and for existing Comnetix, Swanson Banker and Global Tel Link applications.

The St. Lawrence County Sheriff's Office will become the 31st agency in the growing network of New York agencies utilizing SallyPort NY[®] and, when fully switched on, will become interconnected with all other SallyPort[®] user agencies in New York allowing inmate data sharing through Black Creek's web-based, SallyPort[®] Inmate Data Exchange (SPIDEX[®]).

More about Black Creek ISC

Black Creek Integrated Systems is your turn-key source for modern, Touchscreen-based, correctional facility security control systems and security management software solutions that reduce the cost of corrections. Black Creek focuses only on the corrections market – installing integrated security and records management solutions in jails, prisons, courthouses and government facilities across the nation.
