Black Creek Establishes Strategic Business Relationship with Two Brothers Technologies in United Arab Emirates

Black Creek Integrated Systems is pleased to announce a new strategic business relationship with Two Brothers Technologies, headquartered in Sharjah, United Arab Emirates, for developing the fast growing Middle Eastern market for innovative, high-tech prison control and monitoring systems.

Dr. Moshin Shakeel, CEO of Two Brothers, noted: "We are always looking for best-in-class security and monitoring technology to bring to our clients in the region, and so we are very excited to offer Black Creek solutions for governments looking to modernize existing prison infrastructure, or build new, state of the art prisons from the ground up. Black Creek brings something really new and innovative to this space in the region, and we are confident there will be tremendous interest in our joint offering."

Ike Newton, President of Black Creek, states: "We are excited about the new relationship. Expansion into the region is a key strategy goal for Black Creek. We are committed to making sure this business partnership is successful. We look forward to significant business growth in the region in the coming years."

More about Black Creek ISC

Black Creek Integrated Systems is a turn-key source for modern, Touchscreen-based, correctional facility security control systems and security management software solutions that reduce the cost of corrections. Black Creek focuses only on the corrections market – installing integrated security and records management solutions in jails, prisons, courthouses and government facilities across the nation.
