Rensselaer County, NY Awards Black Creek PLC Replacement for Touchscreen Control System

Rensselaer Co. Correctional Facility – Troy, NY

Troy, NY – December 5, 2018 – Black Creek has been awarded the contract to replace the Square-D Programmable Logic Controller (PLC) system at the 473-bed Rensselaer County Correctional Facility in Troy, NY. Additionally, the project includes upgrades to the control system’s Touchscreen and server software. Rensselaer County has been a Black Creek customer since 1992.

Black Creek will install a new GE RX3i PLC System to replace the obsolete Square-D PLC system currently installed. Additionally, the software for Touchscreen Computers, servers, and Digital Video Workstations will all be upgraded to integrate the new PLCs.

More about Black Creek ISC

Black Creek Integrated Systems is a turn-key source for modern, touchscreen-based, correctional facility security control systems and security management software solutions that reduce the cost of corrections. Black Creek focuses only on the corrections market — installing integrated security and records management solutions in jails, prisons, courthouses, and government facilities across the nation.
